Professional Summary

Information Technology & Management student at Daffodil International University, majoring in Project Management, with a strong foundation in project planning, business analysis, data analytics, and team collaboration. Experienced through academic and project-based work in structured problem-solving, task coordination, and project presentation. Completed training in project management, Agile practices, SDLC, AI applications, and productivity tools. Seeking an entry-level opportunity in Project Management, PMO, Business Analysis, or related roles where analytical, organizational, communication, and stakeholder-coordination skills can contribute to effective project delivery and continuous process improvement.

Professional Experience

Education

Bachelor of Science (B.Sc.) in Information Technology & Management — **Daffodil International University**
Major: Project Management | CGPA: 2.72/4.00 (up to 8th semester; 2 semesters remaining)

Higher Secondary Certificate (HSC), Science — **BCIC College, Mirpur, Dhaka**
GPA: 5.00 | 2020

Secondary School Certificate (SSC), Science — **BCIC School & College, Mirpur, Dhaka**
GPA: 4.78 | 2018

Research & Project Experience

Student Academic Performance Using Machine Learning Techniques

- Conducted a research-oriented project focused on predicting students' academic performance using machine learning techniques and educational datasets.
- Applied data preprocessing and feature-selection concepts to prepare relevant variables for predictive analysis and improve the quality of model inputs.
- Evaluated predictive models to investigate factors associated with academic success and translate analytical findings into project insights.

Achievements

- **1st Runner-Up**, Project Showcasing Competition 2025 – Machine Learning Project.

Certifications & Training

- Google Project Management Professional Certificate (Audit) – Coursera.
- Project Management – Great Learning Academy.
- AI Essentials for Project Management – Great Learning Academy.
- Agile Project Management – HP LIFE.
- Fundamentals of SDLC & SDLC Models – DIU GoEdu.
- Leadership 101 – DIU GoEdu.
- MS Excel & PowerPoint Masterclass – 10 Minute School.

Core Skills

Project Management	Project planning, task coordination, stakeholder communication, Agile practices, project documentation
Business Analysis	Problem analysis, requirements-oriented thinking, process improvement, structured decision support
Data Analytics	Data preprocessing, feature selection, predictive-model evaluation, analytical interpretation
Tools & Productivity	Microsoft Excel, Microsoft PowerPoint, SDLC concepts, project-management fundamentals
Professional Skills	Leadership, teamwork, communication, presentation, organization, collaboration

Co-Curricular Activities

- Attended Project Management and Career Development seminars organized by the DIU Career Development Center (CDC) in collaboration with IT companies including Brain Station 23, BJIT, and HawarIT.
- Participated in industry sessions led by professionals from Brain Station 23 and BJIT, gaining practical exposure to project planning, Agile practices, and stakeholder management.
